Read and discuss the section "I can know for myself that the Book of Mormon is true" in the CFM manual.

Monday - Read Moroni 10:3-7. After reading those verses I want you to now as yourself, "What does this mean? How can I do this better? What experiences have I had with this?" Discuss and then listen to "The Faith to Ask and then to Act" by Henry B. Eyring.

Tuesday - Being converted to the gospel of Jesus Christ means both knowing and living the gospel. You're more likely to act on what you learn if you write it down which is why we encourage you to take notes during lessons/discussions/talks. What can you do during your personal study that will help you live what you learn? Today, I want you to listen to one of the bonus talks below and take notes.

Wednesday - Listen to the other talk in the bonus section and take notes. We'll come back and discuss them together.

Thursday - Print the gifts below, cut them out, and using the numbers 9-16 write a number on the back of each gift. Open the scriptures Moroni 10. Have the kids take turns choosing a gift and reading the verse written on the back of the gift and then say what the spiritual gift is. Why are we given with spiritual gifts? What should we do with them? What happens if we don't use them?

Friday - Watch "Moroni Invites All to Come Unto Christ". Play some church music and take some time to write your testimony in your journal.

Bonus Talk(s): Elder Mathias Held, "Seeking Knowledge by the Spirit"
Elder David F. Evans, "The Truth of All Things"
